

# TOP 3 REASONS TO JOIN MMANC

Municipal Management Association  
of Northern California

Opportunity | Networking | Growth

Join the Municipal Management Association of Northern California (MMANC) and experience a vibrant community, essential tools, and exceptional learning that will enhance every aspect of your professional development. The association is committed to ensuring that it creates an environment that connects great people and great ideas to result in a stronger municipal management community.

## 1. Grow Professionally

In MMANC, you will have access to a vibrant community. Your peers will often be your most valuable resource. As a member, you will be connected to a network of municipal management professionals, today's top managers in the field, and industry partners in Northern California. Members share expertise and receive advice at Regional meetings, networking receptions, and social events. The peer-to-peer learning experience is unparalleled.

## 2. Grow Professionally

As a member of MMANC, you will discover the vast array and convenience of countless resources and essential tools right at your fingertips, including:

**MMANC Web Site**—The association's Web site provides you with timely association and industry information, event and program announcements, job postings, and colleague contact information.

**Monthly Newsletter**—Have a question about municipal management? We have answers. Find numerous articles and other resources in the monthly MMANC newsletter.

## 3. Grow Professionally

MMANC has exceptional learning opportunities including the Winter Forum, Women's Leadership Summit, Planning Seminar, and Annual Conference. At these events, curious minds come together to explore new tools and approaches that help develop personal careers and our industry beyond expectations and into something GREAT.

Without a doubt, membership in MMANC offers a vast array of resources to help you improve your leadership, get you to the next step in your career, and keep you informed of critical professional issues that may challenge your success. We encourage you to become a member today!
